SUNCARE

As an organisation that embraces ethics, transparency, and accountability, SUNCARE was founded in 2016 to address sustainability initiatives as per the triple-bottom line approach of environmental, social and financial responsibilities by finding innovative ways to do more with less.

We have set up the SUNCARE Foundation, which enables us to help fund these projects. The Foundation offers guests staying at our Sun Resorts properties the chance to reduce their carbon footprint and contribute to local community and environmental projects through a small donation on check out. The initiative contributes to four key causes we are most passionate about: SUN Children, Cancer Trust, our community-based projects, Marine Conservation, and our Adopt a Tree project. Because we care for Our People, Our Community and Our Island, your contribution can help achieve a solution for generations to come.
