Where history meets contemporary

Preskil Island Resort brings together the warmth and character of Mauritius' south-east with a fresh sense of simplicity and modernity. Contemporary design sits naturally alongside local materials, textures and references, creating spaces that feel relaxed, welcoming and distinctly Mauritian.

Rooted here for over 250 years

Preskil Island Resort is part of the Groupe Beau Vallon, whose story began in this very region over 250 years ago. That connection to place continues to shape how we welcome guests and share the South-East today.
