HOTEL DESCRIPTION

2026-2027

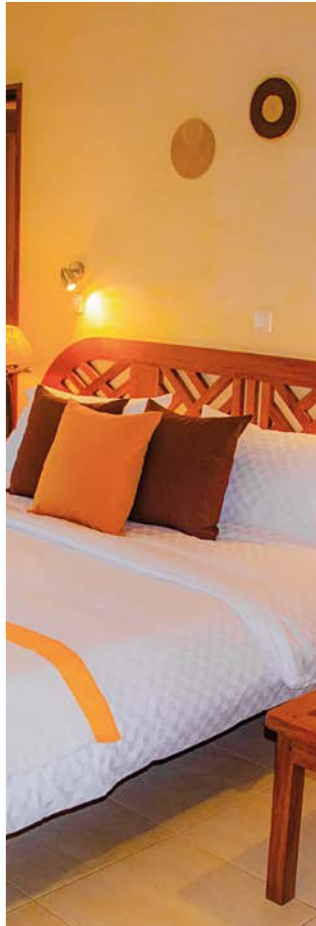

THE ISLAND OF PERFUMES

Nosy Be, nicknamed the Island of Perfumes, is located 15 km off the north-western coast of Madagascar. This masterpiece of the Mozambique Channel spans 321 km² of unique biodiversity. Its surrounding islets, exotic wildlife, and lush flora come together to make this natural haven a remarkably well-preserved paradise.

The Vanila Hotel & Spa is located 30 km from the airport, 17 km from Nosy Be's capital (Hell-Ville), and 3 km from Dzamandzar (the second-largest city on Nosy Be and the capital of the famous Dzama rum). This beachfront hotel on Nosy Be's west coast faces Nosy Sakatia, "the Island of Orchids." Featuring typically Malagasy architecture, this 4-star hotel (international standards) is set within a lush tropical park that blends seamlessly with the natural landscape of the Island of Perfumes.
